MEMORANDUM FOR: Deputy Director for Science and Technology

SUBJECT : Review of Proposed U-2 Coverage of [REDACTED]

25X1

REFERENCE : Memorandum for DDI from DDS&T, dated 19 July 1969, Same subject [REDACTED]

25X1

1. Your memorandum of 19 July requested a reassessment of the intelligence gaps which might be filled by a particular U-2 mission [REDACTED]. It also requested a review of other requirements in [REDACTED] which might be satisfied by a U-2 flight.

2. The attached memorandum from the Director/Strategic Research responds to these requests. I concur in its general thrust that the probability is not very good that a few U-2 missions [REDACTED] will provide unique and highly useful information on the [REDACTED] problem or on any other important question.
